Use after BC-1™ or as a stand-alone professional-grade wax.

DIRECTIONS:

Shake well. For hand application, use a wax applicator in overlapping, circular motions. Allow to haze, then remove with a soft, terry towel. For machine application, apply to a small area and buff to desired shine. Remove excess with a soft microfiber or terry towel.

SURFACE APPLICATIONS:

For high gloss and added surface protection of clear coat, single stage, acrylic, lacquers, enamels, as well as powder-coated paints.

ADDITIONAL USES:

Excellent on RVs, boats, motorcycles, bikes, and other painted surfaces.

HELPFUL TIPS:

It is best to remove all surface contamination with the use of Clay Magic detailing clay prior to application to ensure the highest performance of #78. This will also ensure easier application and removal. Do not apply wax in thick layers. Rotate the towel as you remove the wax.
